

# Prolystica® 2X Concentrate Enzymatic Presoak and Cleaner

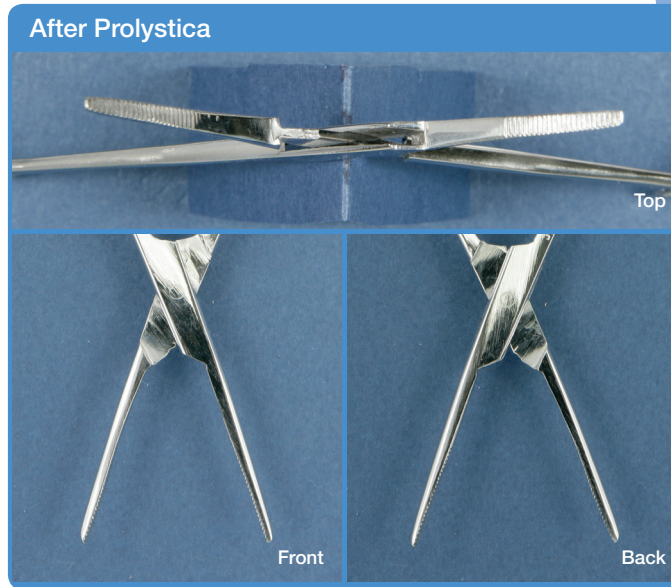

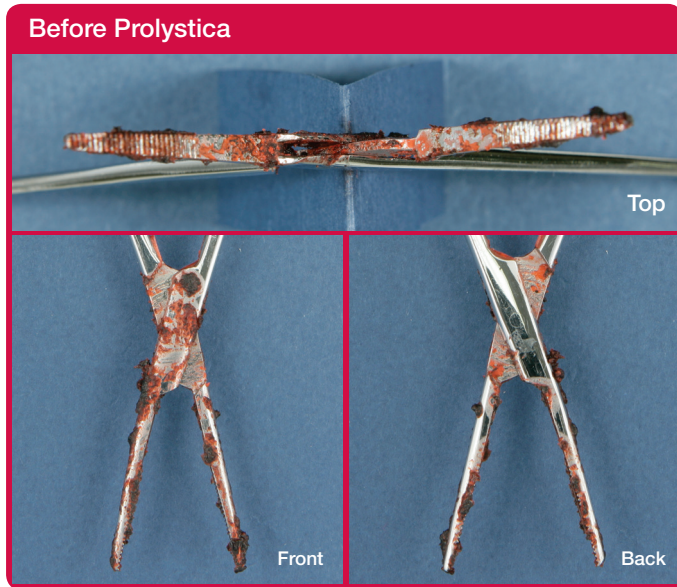

## PERFORMANCE, SPEED AND PROTECTION

Exceptional cleaning performance with speed  
and protection for manual and automated  
cleaning processes

**NEW generation instrument cleaner**

# Prolystica® 2X Concentrate Enzymatic Presoak and Cleaner

Features	Benefits
Dual Protease with advanced surfactant system	Exceptional cleaning performance with speed in the removal of blood, fat, mucus and other surgical soils from medical devices in all water types
Neutral pH	Broad range of material compatibility on instrument surfaces, including flexible endoscopes
Enhanced corrosion inhibitor system	Protects instruments from the harmful effects of water and water impurities
Formulated for manual & automated cleaning procedures	Single detergent solution
Concentrated Low Dose (1-4ml/L)	With a competitive cost per use
Low foaming	Will not inhibit washer pump pressure and impede impingement
Environmentally Friendly	Has been formulated with biodegradable surfactants, chelating agents/sequestrants and corrosion inhibitors. Packaged in fully recyclable HDPE containers
Free rinsing	Easily rinsed from instrument surfaces
Pleasant Fragrance	Deodorizes the smell of unpleasant surgical soils during the cleaning process

## STERIS environmental care

Prolystica Instrument Cleaning Chemistries have been formulated with biodegradable surfactants, chelating agents/sequestrants and corrosion inhibitors. Packaged in fully recyclable HDPE containers.

Please consult your STERIS representative for technical literature and product accessories.

Container sizes: 6 x 1 litres, 2 x 5 litres, 10 litres and 20 litres
